

INTERCOLLEGIATE BROADCASTING SYSTEM

WASHINGTON OFFICE

March 14, 1949

To: IBS Station Managers

Subj: National Publicity

Bob Fuhrman, station manager of the IBS Station WBNB, at Bethany College, Bethany, West Virginia, has been in contact with several picture magazines with a view to encouraging further national publicity on IBS stations. He intends such publicity to be of the type that will encourage national advertising as well as be of benefit to the stations involved.

Bob plans to present basic material and photographs on the stations to the magazines during his spring recess. Before that time he would like to have photographs and other information on a number of IBS stations, which he will request directly.

Any assistance that you can provide him in this matter will be appreciated.

INTERNATIONAL ASSOCIATION OF  
LABORERS

WASHINGTON OFFICE

March 16, 1933

Mr. J. Edgar Hoover

U. S. Department of Justice

The following information was received from the International  
Association of Laborers, Washington, D. C., on March 15, 1933.  
The Association is a labor union with a membership of  
approximately 100,000. It is organized on the basis of  
occupations and is affiliated with the American Federation  
of Labor. It is a non-profit organization and its  
primary purpose is to improve the conditions of  
labor.
